Alex Morgan (made-up sample resume for testing)
Female, aged 41, British national, photo attached

Summary
Data analyst with six years of experience in finance reporting.

Experience
Senior Data Analyst, Northfield Retail (2021 to present)
- Wrote SQL queries against a 40-table reporting database to produce weekly sales and margin reports.
- Built and maintained 12 dashboards used by the finance team.
- Automated the monthly close report with Python, reducing manual work from two days to half a day.
- Presented findings to non-technical managers every month.

Data Analyst, Brightwater Insurance (2018 to 2021)
- Analysed claims data and prepared quarterly summaries for the finance director.

Skills
SQL, Python, Excel, dashboard design, financial reporting
